Dear Sir:

On June 6, 2006, the undersigned submitted a REQUEST FOR CORRECTION OF NATIONAL PHASE FILING DATE with supporting documentation for the above-referenced Serial No. 10/575,018.

The return postcard enclosed with the Request for Correction was identical to the card originally filed and was perceived by the U.S. Patent & Trademark Office to be a new application transmittal. Accordingly, an additional Serial No. 10/582,034 was assigned on that return card.

Applicant respectfully requests that this situation be rectified. There was one application filed on April 6, 2006, under Serial No. 10/575,018, and applicant has respectfully requested that it be accorded the actual date of filing instead of the incorrect date as stamped on the original postcard receipt.

Applicant requests that the REQUEST FOR CORRECTION OF NATIONAL PHASE FILING DATE and supporting documents filed on June 6, 2006, be placed in Application No. 10/575,018 for review by the PCT Legal Department. Thank you.

*Application No.: 10/575,018*

Respectfully submitted,

SHERIDAN ROSS P.C.
